

July 1, 2020

Dear Customer:

CIT Relay & Switch is pleased to announce the recent acquisition of all the assets of Picker Relay.

Since 1983, Picker Components and CIT Relay & Switch's mission has been to become a leading provider of electro-mechanical and Solid-State relays. As you know, Picker Components has been providing one or more relays to you; with this acquisition CIT Relay & Switch will be able to offer an expanded selection of relays and switches to your design team.

CIT Relay & Switch places the customer first. Working directly with customers from simple to complicated projects – we specialize in tailoring custom solutions and designs. When you contact CIT, you are immediately connected to a professional. Our technical, engineering and customer support teams are well trained and can help with your design selection requirements. With its industry leading state-of-the-art test lab, CIT can address custom or standard test requirements under a variety of conditions to validate your application. From small to large projects, we are here to help with your testing needs. Join the many customers who have come to rely on the technical expertise of the folks at CIT Relay & Switch.

Wherever opportunities arise, we will work to provide customers the best product for the application and the most compelling support experience. We are now two quality manufacturers rolled into one for continued growth of Picker and CIT Relay & Switch through paramount service, selection, quality and value – we strive to be the best.

Sincerely,

Jeff Hampton
President
