FOR IMMEDIATE RELEASE

UL Approved Illuminated Anti-Vandal Pushbutton from CIT Relay & Switch

Minneapolis, Minnesota – CIT Relay & Switch Offers a broadline of sealed illuminated anti-vandal switches. Ranging in size from 12mm up to 40mm, our styles offer ring and dot illumination, the international standby symbol or non-illuminated options. Mushroom actuators along with raised or flat actuators give the design engineer a multitude of options. IP67 sealing is available along with a choice of body and actuator colors including stainless steel, nickel and anodized aluminum in black, red, yellow, green or blue. Bi-color LED options make endless the combination for any design need. UL approval up to 16 amps is available on several of our series options. Contact CIT today!

Lead-time averages 6 to 8 weeks. Volume pricing is dependent on option choices. Contact CIT directly for a quote and sample to solve your Anti-Vandal Pushbutton switch needs.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives.
