FOR IMMEDIATE RELEASE

CIT Relay & Switch VM3S Series Sealed Snap-Action Switches

Minneapolis, Minnesota – CIT Relay & Switch is now offering the miniature VM3S Series process sealed snap-action switches. Available in either SPST normally open or normally closed, or SPDT, these UL/cUL recognized switches offer numerous actuator styles including pin plunger, standard, short and long hinge levers, roller and simulated roller. Termination options include .110" quick connect or 300mm UL 1015 20AWG wire. Contact material is silver or gold over silver and operating force offers a choice of 180gF or 300gF. With a wide array of electrical rating options, the VM3S can be customized to fit your exact requirements. Contact CIT Relay & Switch engineers to help you determine which solution is right for your application.

Pricing ranges are dependent upon options and volume. Contact CIT Relay & Switch for lead-time information.

CIT Relay & Switch, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel and surface mount styles. CIT Relay & Switch products are supported by a worldwide network of distributors and sales representatives. For more information about the process sealed VM3S Series Snap-Action Switches or any of the CIT relay or switch products, contact CIT Relay & Switch, 14680 James Road, Rogers, MN 55374.
