FOR IMMEDIATE RELEASE

CIT Relay & Switch Illuminated Anti-Vandal Pushbutton Switches

Minneapolis, Minnesota – CIT Relay & Switch offers a broad line of sealed illuminated anti-vandal switches. With IP67 sealing available, our styles offer ring and dot illumination and non-illuminated options. Raised and flat actuators are available on most series with mushroom actuators available on some giving the design engineering a multitude of options. Ranging in size from 12mm up to the 40mm, body and actuators color options include stainless steel, nickel and anodized aluminum in black, red, yellow, green or blue. UL approval and bi-color LED options make endless combinations for any design need.

Lead-time averages 6 to 8 weeks. Volume pricing is dependent on option choices. Contact CIT directly for a quote and sample to solve your illuminated anti-vandal switch needs.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives.
