FOR IMMEDIATE RELEASE

CIT Relay & Switch Offers VM3 Series Latching Snap-Action Switch

Minneapolis, Minnesota – CIT Relay & Switch is now offering our long life VM3 Series snap-action switch with a latching option. These UL/CUL recognized switches are available the 0.187" or 0.250" termination. Available with operating force of 400gF, common applications for the VM3L latching switch include industrial controls, lighting, security, gaming, automation and more.

Specifications and materials are dependent upon your choice of switch.

Lead-time averages 6 to 8 weeks. Volume pricing is dependent on option choices. Contact CIT directly for a quote and sample to solve your snap-action switch needs.

CIT RELAY & SWITCH, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel, and surface mount styles. *CIT RELAY & SWITCH* products are supported by a worldwide network of distributors and sales representatives.
