FOR IMMEDIATE RELEASE

CIT Relay & Switch Introduces C100 Contactor

Minneapolis, Minnesota – CIT Relay & Switch is now offering our C100 Series contactors. Available in double and three pole styles, the C100 Series offers high quality while maintaining cost-effectiveness. This UL/cUL certified contactor offers a convenient mounting plate with heavy duty contacts to ensure long electrical life. Continuous duty cycle is a hallmark of the C100 Series. Designed to be directly connected to high-current load devices, the C100 is ideal for use in HVAC, water heaters, ovens, hot tubs and spas, commercial laundry equipment, industrial and commercial fans and blowers and ventilating equipment among many other uses.

Pricing ranges are dependent upon options and volume. Contact CIT Relay & Switch for lead-time information.

CIT Relay & Switch, a division of Circuit Interruption Technology, Inc., manufactures a broad array of automotive, telecom, security, industrial and audio relays and switches in thru-hole, panel and surface mount styles. CIT Relay & Switch products are supported by a worldwide network of distributors and sales representatives. For more information about the CIT Relay & Switch C100 Series contactor or any of the CIT relay or switch products, contact CIT Relay & Switch, 14680 James Road, Rogers, MN 55374.
