

CIT Relay & Switch EU REACH Statement

Per the European Union (EU) regulation 1907/2006 of 18 December 2006 . . . Registration, Evaluation, Authorization, and Restriction of Chemicals, also known as REACH, CIT Relay & Switch is considered a provider of "articles." All of our products are assemblies/components, not raw materials.

Per the last dated list (17 December, 2014) of the REACH Regulation per ECHA (European Chemical Agency), CIT Relay & Switch "articles" do not contain any of the 161 candidates SVHC (Substance of Very High Concern) above 0.1% weight by weight (w/w).

The total sum of all our assemblies/components in our "articles" imported into the EU is less than one metric ton per year (ref. Title II, Chapter 1, Article 7). Given these conditions, our products are exempt from REACH pre-registration and labor registration activities.

Ivan Lee, Quality Assurance Engineering Manager
